

Android Phone: Download Zoom App

1. To visit with your Medical Provider virtually, your phone will need to have the “Zoom App”
2. To download Zoom, you will need to open the “Play Store”

3. In the Play Store, you're going to have to:
 1. Search Zoom
 2. Look for the Blue App with a White Camera image
 3. Tap Install to download

4. You do not have to create an account
5. Your Phone is ready to Attend Zoom Appointments

6. Your Medical Provider will send you Zoom Appointments by Text or Email
